Timothy Ferriss is a world-renowned podcast host whose podcast downloaded over 100 million times. He is a lifelong learner and journal entry writer. He takes his love of learning and note-taking and shares with the listener the collective wisdom of hundreds of people who are doing life the way we all wish we could. Through three sections of health, wealth, and wisdom, Ferriss lets the average Joe in on the secrets of the successful. From how to take advantage of the oxygen you breathe to protecting the security of your home computer Ferriss asks every question and lets you in on the answer. This book will open your eyes to the power of the brain and the power of human will. Utilizing your body for what it is there for will unlock power you never knew you had and Ferriss shows you how to achieve this. This is a summary and analysis of the book and not the original book.
